International Flying Fifteen Class Rule B15.3

David

I am writing further to our discussion at the weekend, regarding the above and the practicalities of using/carrying anchors on inland waters.

Please accept this letter as approval for the removal of anchors from the national class association for all Flying Fifteen Events at Grafham Water Sailing Club in perpetuity.

I would be grateful if the club could draw attention to this, in NoR, SI's and event briefings as needed.

I hope this appropriately accedes to your request.

Best Wishes

Keith Jamieson
