

Instructions for overnight Campers and Campervans

All camper van and camping slots need to be pre-booked.

We will not be issuing permits so please make sure your Campervan or car numberplate is correct.

Tents: You may take your car to the camping area to unload but then please return it to the Visitors Car Park. You do not need to be in a certain space as long as you are within the camping area.

Campervans: Please park only in your allocated space. Campervan pitch numbers are marked on the ground. Note that each pitch is 3 metres wide with a 6 metre gap between. Please park within the marked 3 metre space. You are welcome to erect an awning in the space between.

Toilets, showers and changing rooms will available overnight.

There is a drinking water tap (marked as such) on the east side of the Clubhouse.

Please do not build any kind of open fire, and please do not use disposable barbeques. Gas fired barbeques are OK.

The site closes and is locked at 4:00pm on Sunday: please ensure you are packed up and away by then.

Thank you and have a good weekend.
