

The Challenge

As club members ourselves, we know that managing membership lists, chasing subscription renewals and organising events can be really time consuming. Members want to be able to pay online and committee members want to be free to run the organisation not the paperwork.

WebCollect

WebCollect is a flexible and easy to use solution for clubs and societies to manage membership subscriptions and events. It has a huge range of features available so that you can set up your organisation just the way you want it, yet is simple enough that you can be up and running within minutes.

Pricing

We understand that clubs and societies have limited budgets. WebCollect has been designed as a cost-effective solution, so that you can manage your organisation more easily without blowing your budget.

The main part of our pricing is an annual usage fee, which varies with the number of members attached to your organisation. There are also some transaction fees which, for the most part, are levied by the payment providers which are available from WebCollect. Our up-to-date pricing is always available on this page: <https://webcollect.org.uk/pub/pricing>. All the pricing is on that page, there are no hidden charges not mentioned there. We will never sell your data or display or send advertising to you or your members. Our business is provide you with a great service to help run your organisation more efficiently, no more, no less.

Our 3 month free trial really is no commitment. No card details are required. Just go ahead, register yourself and away you go. It's the best way to discover all the features and see if WebCollect is right for you.
